COLLECTION OF PRIVATE RESIDENCES

HAUS 99

A Collection Apart

A private collection of just 99 distinguished residences, HAUS 99 introduces a refined expression of contemporary living to Jumeirah Village Triangle. Shaped by sweeping glass facades, generous natural light, and an intimate architectural character, the design gracefully bridges interior spaces with the surrounding green landscape, establishing an address of quiet elegance and enduring style.

The portfolio is exceptionally versatile, ranging from meticulously crafted studios and flexible one- and two-bedroom apartments to exclusive three- and four-bedroom duplexes and townhouses.

Across two dedicated levels, an elite suite of amenities completes an environment built for effortless, elevated living.

Location

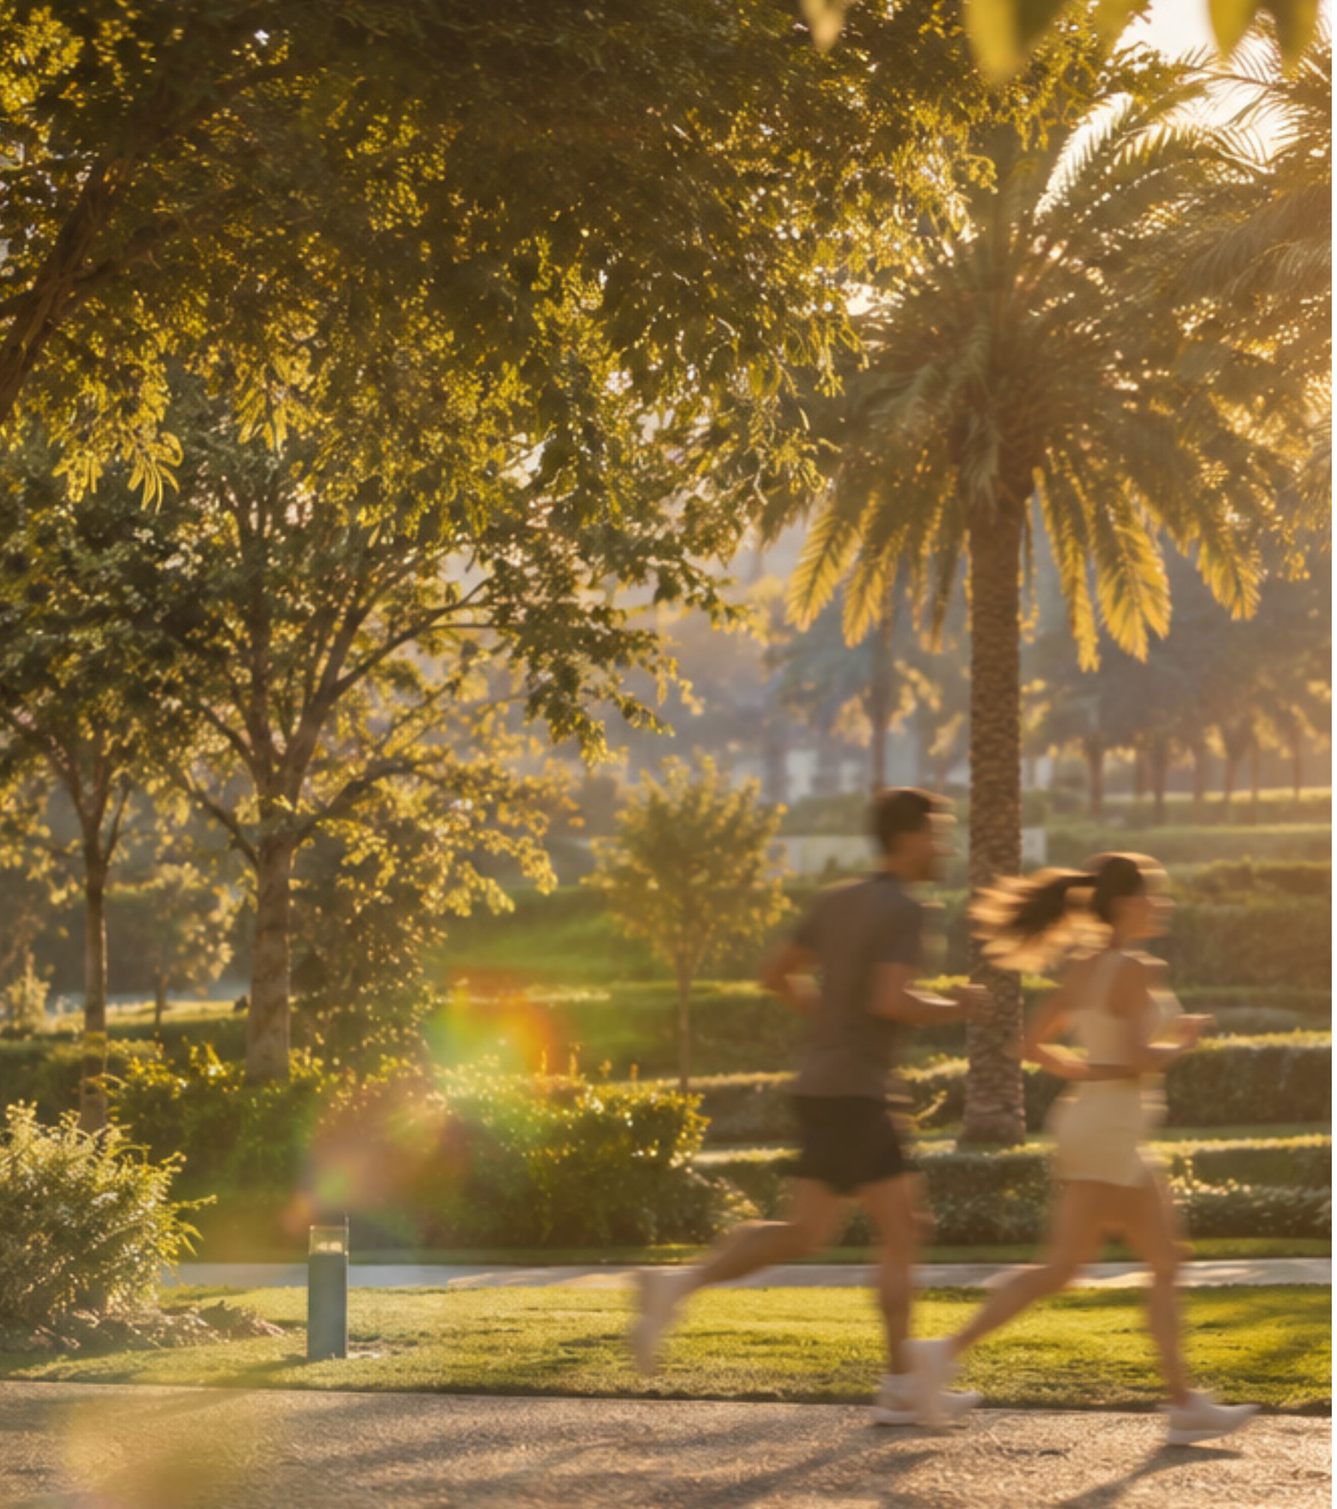

An Established Address
An Evolving Destination

Set within Jumeirah Village Triangle, HAUS 99 enjoys the rare character of an established, low-density neighbourhood defined by leafy streets and an intimate scale of living.

Strategically positioned near Al Khail Road and Sheikh Mohammed Bin Zayed Road, the location balances peaceful seclusion with effortless connectivity to Dubai's principal destinations.

As JVT enters an exciting new chapter with the upcoming arrival of Skylight Mall, bringing 1.3 million square feet of curated retail, dining, wellness, and entertainment right to the neighbourhood, this mature address continues to flourish into an increasingly vibrant, future-ready lifestyle destination.

COMMUNITY LIFESTYLE

A Neighbourhood of Its Own

Beyond your front door, Jumeirah Village Triangle unfolds as an expansive residential sanctuary defined by a tranquil, nature-led rhythm.

Shaped by over thirty manicured parks, tree-lined avenues, and pet-friendly green spaces, the community cultivates an unhurried lifestyle built for quiet morning jogs, neighbourhood tennis and padel courts, and sunlit afternoons spent outdoors.

Supported by esteemed schools, everyday conveniences, and thoughtful recreational facilities, it fosters a warm, familiar character. Rooted in a quiet, low-rise scale yet deeply connected to Dubai's vibrant pulse, JVT delivers an authentic sense of home without ever losing touch with the city.

The City Within Reach

Strategically positioned near Al Khail Road and Sheikh Mohammed Bin Zayed Road, HAUS 99 places Dubai's principal destinations effortlessly within reach. While the upcoming Skylight Mall, esteemed schools, healthcare, and vibrant leisure attractions are close at hand, the city's landmark addresses – including Dubai Marina, Palm Jumeirah, the Mall of the Emirates, and Downtown Dubai – remain just a seamless drive away.

AMENITIES

An Invitation to Enjoy More

Spanning two thoughtfully curated levels, the resort-inspired amenity collection at HAUS 99 extends your living space into an effortless world of leisure, wellness, and quiet connection.

Designed around the rhythm of everyday life, the amenities provide a harmonious balance of open-air spaces and relaxed social retreats, all beautifully framed by lush green gardens.

Whether you are catching a movie under the stars, finding focus with a morning yoga session, or unwinding by the infinity pool, the collection creates a seamless balance between activity and peaceful calm, bringing a complete range of lifestyle experiences right to your doorstep.

INFINITY POOL

An Elevated Retreat

Elevated above the surrounding parks, the amenity deck is designed as an open-air retreat with panoramic horizon views.

At its centre, a sweeping infinity pool extends into a splash zone for children, while a dedicated running track rings the perimeter for elevated workouts.

Complete with a shaded BBQ lounge just steps away, the entire level brings together active routines, family play, and effortless outdoor hosting in one seamless setting.

An Expression of Modern Architecture

A private collection of just 99 distinguished residences, HAUS 99 brings a striking modern silhouette to Jumeirah Village Triangle.

Defined by sleek contemporary proportions, soft curved lines, and sweeping glass facades, the architecture draws rich natural light deep into every interior while framing unobstructed, dual-aspect views, stretching across JVT's neighbourhood parklands and open sky views.

Spanning from 318 to 3,263 sq. ft., the residential portfolio offers exceptional versatility tailored to every dynamic of living. The collection features meticulously proportioned studios, flexible one- and two-bedroom apartments, some with adaptable sunrooms, and exclusive multi-bedroom duplexes and townhouses.

Every home is crafted to feel bright, airy, and inherently expansive, effortlessly balancing a bold modern aesthetic with private, relaxed comfort.

A Space for Every Possibility

Inspired by the evolving nature of contemporary living, HAUS 99 introduces a thoughtful approach to residential design, where spaces are created to accommodate different lifestyles and everyday needs.

Within the one-bedroom residences featuring a dedicated sunroom, an additional versatile space offers the freedom to shape the home around individual preferences. Whether arranged as a private workspace, a quiet reading retreat, a creative studio, or a nursery, the sunroom lends itself to a variety of purposes.

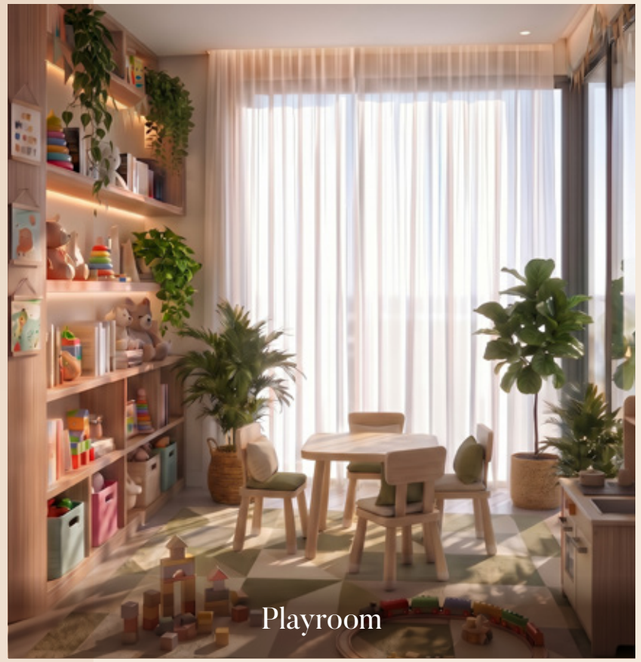

Considered as an extension of the living environment, this versatile addition brings greater flexibility to the residence, allowing its purpose to change naturally over time.

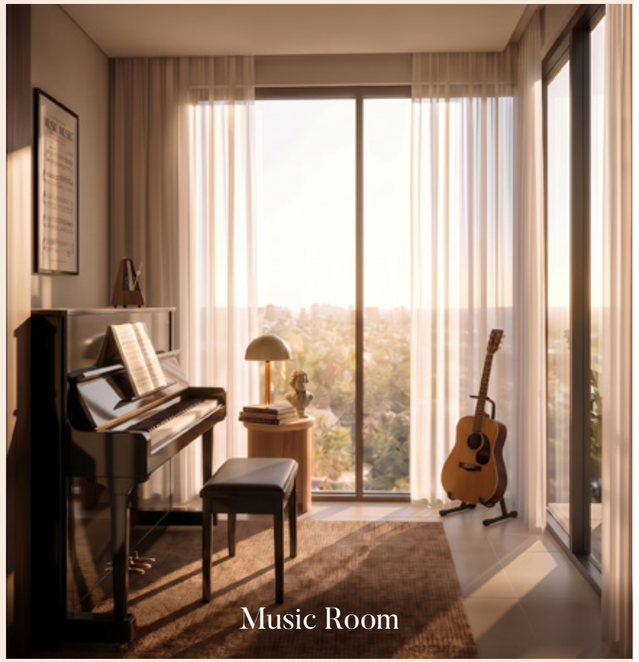

An expression of thoughtful design, where every space has the potential to become something more.

A More Private Expression of Home

A collection of just nine three- and four-bedroom duplexes and townhouses brings the luxury of villa living into a managed residential setting - a true rarity within Jumeirah Village Triangle.

Dual-aspect design connects every residence to open parkland views on one side, and private, direct access to the podium gardens and amenities on the other.

It is a refined expression of modern living: the space and intimacy of a traditional home, enhanced by the effortless privileges of a luxury residential community lifestyle.
